22 ft wide and up, recommend to use 12 Gauge steel tubing for framing. Extra trusses may be required for heavy snowload. Prices subject to change without notice. Check before purchase to make sure building meets your LOCAL codes. Buildings are certified for 30 lbs. PSF ground. (\*1) 2-1/4" 12 Gauge, 20 year limited warranty on rust through of framing assuming normal user care and maintenance. (\*2) Delivery and Installation included on flat and leveled land (no slope). Units installed on unleveled ground will have spacing between base rail and ground. BNC is not responsible for any spacing being filled, or ground work being done. If extra work is needed due to ground being unleveled more than 3" extra charge will incur.
